

Executive Proclamation

State of South Dakota

Office of the Governor

Whereas, Pharmacy is one of the oldest health professions concerned with the health and well-being of all people; and,

Whereas, There are over 195,000 pharmacists practicing in the United States providing services to assure the rational and safe use of all medications; and,

Whereas, The use of medication, as a cost-effective alternative to more expensive medical procedures, is becoming a major force in moderating overall health care costs; and,

Whereas, South Dakota's pharmacists rose to the challenge of assisting many of South Dakota's citizens with the implementation of Medicare Part D; and,

Whereas, Today's powerful medications require greater attention to the manner in which they are used by different patient population groups, both clinically and demographically; and,

Whereas, It is important that all users of prescription and nonprescription medications, or their caregivers, be knowledgeable about, and share responsibility for, their own drug therapy; and,

Whereas, The American Pharmacists Association and South Dakota's pharmacists have declared October as American Pharmacists Month with the theme "Know Your Medicines – Know Your Pharmacist":

Now, Therefore, I, M. Michael Rounds, Governor of the state of South Dakota, do hereby proclaim the month of October 2006 as
